Maxim® XL Plus

Durability, affordability, extended beauty

*Inspiration Realized*

Beauty, durability, affordability.

A favorite for remodelers, Maxim XL Plus hangs straighter than competing products, and its crisp lines and accented shadows in a range of rich colors make it as beautiful as it is durable. Meant for large, beautifully built homes, Maxim XL Plus offers extreme coverage, resulting in a practically seamless look. Both options offer the look of freshly painted wood with no strings attached.

Profiles available in Double 5" & Double 5" Dutchlap

33% less visible seams ensures continuous beauty for added curb appeal

Manufactured with our Chromolock™ and Spectrashield™ technologies providing a 25-year fade resistance warranty

KP Insta-Lock System™ is designed to snap together with a positive connection for flexibility in panel positioning during installation

Our double thick .092 Cyclone System™ Nail Hem provides extra rigidity against the elements

Limited lifetime warranty
