**Superior Style Built to Last with  
NORTHERN STAR™**

## Timeless STYLE Engineered to LAST

If you are searching for siding with an elegant, refined style, look no further than our Northern Star line. Manufactured to our highest quality standards, Northern Star siding is, simply put, built to last. Its beautiful lines will hang straight and true for years to come, giving your home an impressive, sophisticated look.

## Designer COLORS

When you begin to pair these beautiful colors with Trim, Soffit and the accessories available from KP Building Products, a style truly your own will emerge.

## Select FEATURES and BENEFITS

Dependable. That's Northern Star. Our exceptional product is carefully designed and manufactured to give you the best performance possible. Take a look below and see what we mean.

- Cyclone System™ Nail Hem**  
Our strong nail hem provides rigidity and wind resistance up to 200 mph.
- Ultra-Vinyl™ UV Technology**  
Premium vinyl compounds and UV inhibitors are used to protect against sun damage and fading.
- Self-aligning Locking System**  
Our panels snap together with ease while allowing for flexibility in positioning during installation.
- .044" Panel Thickness**  
Where our competitors cut corners, we deliver optimal thickness for impact resistance and strength.
- Low Gloss Rough Cedar Texture**  
To the eye and to the fingertips, our cedar wood texture is as close to real wood as you can get.

## AUTHENTIC Profiles

Northern Star is available in five striking profiles. Regardless of which you choose for your home, the impact will be unmistakable.

Triple 3"
